

Community Programs

Are you looking for an unusual program for your school OR organization? Flanders talented educators bring the wonders of the natural world to your group.

Bat Box Building | \$25 per participant

Learn more about our most misunderstood allies. Build a bat box from a kit. Assembly requires use of a screwdriver and screws. *Please note that each participant will build and take home only one bat box.*

Blue Bird Nest Box Building | \$20 per participant

Learn about the life cycles of blue birds. Participants construct their own blue bird nest box from a kit made of long-lasting red cedar. Assembly requires use of a screwdriver and screws. *Please note that each participant will build and take home only one bird box.*

Insect Investigations | \$5 per participant

Insects of Connecticut are our specialty. Participants will become familiar with insect anatomy and the function of each body part. They will compare insect anatomy with their own as they learn to respect these fascinating critters! *Please note that each participant will get a bug net and bug magnifying jar.*

Maple Syrup Magic (February – March) | \$5 per participant

Students get the full sensory experience as they learn the history and folk-lore of maple sugaring. Learn how to identify sugar maples, use the tools involved and taste the final product.

Picasso Pumpkins (September – October) | \$5 per participant

Learn about the life cycle of pumpkins and “pumpkin math”, as participants dissect a pumpkin to count the seeds inside. Decorate a pumpkin using natural materials supplied by farm animals.

Wreath-Making (November – December) | \$20 per participant

Flanders staff will demonstrate wreath-making, while teaching about different kinds of local evergreens, from spruce to pine. Decorate one wreath to take home with all-natural materials.

Space is limited to 20 participants.

Fee is paid to Flanders.

Volunteers are welcome.
